

MODULAR DISPLAY SYSTEM FOR SHOWROOM

The **MODULAR DISPLAY SYSTEM WITH INTECHANGEABLE BOARDS** is composed by an metal base, 225 cm height, 93 width and 44 cm deep. It is possible to fix to this framework boards with pictures, samples and fixing patterns of profiles. A shelf with a fixing example of the most common profiles showed on the boards above is in the middle of the framework. Thanks to the pictures of fixing patterns, profiles samples and fixing examples, the modular display allows the customer to have an overall view of the use of the Progress Profiles products and systems. The modularity and the small size of the display allows its positioning in all showroom and sales point. Thanks to the modularity of the boards, the customer can choose the boards according to the products he wants to show. The system is easy to update with new finishes and products.
