

PROFILE "T-FORM"

DESCRIPTION

PROFILE "T-FORM" is a T-shaped aluminium profile. Its particular section and the availability in three finishes, make it a profile that can be easily matched with any kind of material.

MATERIAL

PROFILE "T-FORM" is a T-shaped profile in anodized silver and gold aluminium and polished chrome aluminium. The profile is available in the heights of 15 and 25 mm with a visible surface of 15 and 25 mm. The availability in three different finishes and two heights make it a much sought after profile.

AREAS OF USE

PROFILE "T-FORM" in anodized aluminium is suitable for indoors environment where good resistance to mechanical and chemical stresses are required.

WARNINGS

Do not use **PROFILE "T-FORM"** in anodized aluminium outdoors and in environments where aggressive substances are used. Clean immediately the surface of the profile from all remains of adhesive or grout after laying; the permanence of these substances on the surface may lead to formation of non-removable aluminium hydroxide (dark halos).

MAINTENANCE

PROFILE "T-FORM" does not require any special maintenance. It is suggested to clean it with normal household cleaning products.

LAYING INSTRUCTIONS

1. Cut "**PROFILE "T-FORM"**" to the desired length and apply the adhesive to the support where the profile will be laid.
2. Press "**PROFILE "T-FORM"**" into the adhesive. Remove immediately all the remains of adhesive from the surface of the profile.
