# PROLISTEL P ALL

ANODIZED, POLISHED, BRUSHED,
TUSCANY AND TILTEX ALUMINIUM
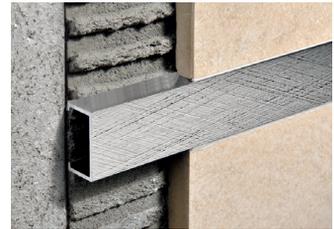

PROLISTEL P ALL is a listel in anodized, polished, brushed, tuscany and tiltex aluminium with a flat visible surface, suitable to decorate the wall coverings in ceramic, mosaic and natural stone. Its particular section and availability in eleven different finishes, make **PROLISTEL P ALL** a much sought after profile. It can be used with the range of PROJOLLY profiles to decorate the wall coverings and to allow an elegant workmanlike application.

EXAMPLES AND INSTRUCTIONS FOR LAYING METHODS

1. Choose "PROLISTEL P ALL" according to the width and desired finish. **2.** Cut "PROLISTEL P ALL" to the desired length and apply the adhesive on the support where the profile will be laid. **3.** Press "PROLISTEL P ALL" into the adhesive. **4.** Lay the tiles, aligning them with the profile leaving a 2 mm joint. Remove immediately all remains of adhesive from the surface of the profile. **5.** Fill the joints between the profile and the tiles with grout, in order to avoid water stagnation. Remove immediately all the remains of grout from the surface of the profile.
