

PROBATH is a cove-shaped profile in shockproof non - toxic coextruded white vinyl resin particularly suitable to ensure cleanliness and hygiene along the connection between the wall tile coverings and sinks, bathtubs and shower trays. Its particular section and the availability in two different height and special pieces, such as internal and external corners, (only for PSB-20) end caps and joints, make **PROBATH** a much sought-after and easy to lay profile that allows a workmanlike application.

EXAMPLES AND INSTRUCTIONS FOR LAYING METHODS

1. Choose "PROBATH" according to the desired height.
2. Cut "PROBATH" to the desired length.
3. Remove carefully any remains of oil, fat and dirt from the surface where the profile will be laid.
4. When the surface is perfectly dry apply the silicone on the back of the profile and place it without hitting.

PROBATH FLEX is a cove-shaped profile in shockproof non - toxic flexible white vinyl resin particularly suitable to ensure cleanliness and hygiene along the connection between the wall tile coverings and sinks, bathtubs and shower trays. Its particular section and the availability in two different height and special pieces, such as internal and external corners, (only for PSB-20) end caps and joints, make **PROBATH FLEX** a much sought-after and easy to lay profile that allows a workmanlike application.
